A Senior Product UX/UI Designer with 9+ years of experience, specializing in creating intuitive, user-centered designs. Skilled in user research, interaction design, and prototyping, I deliver seamless, visually engaging experiences that align with business goals and enhance usability across platforms. Passionate about driving user satisfaction and innovation.

# **PROFESSIONAL EXPERIENCE**

November 2022 - Present			 ED	Hatching Hope App
Sr. UX UI Designer & Developer @ CAMSDATA Technologies (Client : Cargill) - Bangalore, India As a Senior UX/UI Product Designer, I lead the design process from concept to execution (I executed 5 Successful projects), ensuring user-				Hatching Hope CMS
centered solutions that meet business objectives. Responsibilities include conducting user research, analyzing data, and creating				
wireframes, prototypes, and high-fidelity designs. I collaborate with cross-functional teams—product managers, developers, and				eSign Mobile Application
stakeholders—to define product requirements and align design with user needs. I mentor junior designers, providing feedback and fostering				EAS – Mob App & CMS
a collaborative design culture. I am responsible for maintaining design systems, ensuring consistency across platforms, and optimizing				Document Management Sys.
user interfaces for both web and mobile.				Logistics
February 2021 - October 2022 UX UI Designer & Developer @ eMudhra Limited - Bangalore, India				Deberia App 6 Mich
